## Commission Votes 2 Jails, 2 Courthouses

The Coffee County Commission met in regular session on Monday, September 13, at the Elba Courthouse, and voted to build two jails and two courthouses. The day's activities began at 10:00 a.m. when Mr. Joe Clark made an emotional plea for the Commission to fix the bridge which forced closure of a rural road. Mr. Clark said he was promised two years ago the bridge would be fixed, but no action has been taken. Commissioner O. V. Waters said, "The engineer has been authorized to do the job, and we will ask him this afternoon why the job hasn't been finished." (Note: The commissioners' action, nor did they inform the engineer of Mr. Clark's troubles.)

The fireworks began next when Enterprise attorney Joe Pittman came before the Board. On behalf of the Enterprise Chamber of Commerce, I would like to address the Board concerning the jail. "I would like to remind the Commission on the law concerning the two jails and two courthouses. The Chamber of Commerce requests the Commission build a new courthouse and jail to adequately meet the needs of the majority of the people (Enterprise)." Pittman told the board, "there was not enough space available in the Enterprise courthouse, and there were no jail facilities at all. We ask you to consider priorities, and do first things first. We feel the Commission should make available jail facilities in the Enterprise division." Pittman re-stated several arguments he had earlier aired, and in closing said, "We urge the Commission to proceed with the grant, but not to choose a site until later. However, if the Board does pick a site, pick Enterprise."

Mayor Don Donaldson of Enterprise echoed Pittman's feelings. "We do request the Commission to move the courthouse and jail to Enterprise. The City facilities aren't adequate to house both City and County prisoners," he said. "We want representation as well as litigation."

Commissioner O. V. Waters was next to speak, and he declared he was "in favor of the two courthouses and two jails. While we sit here and talk the courthouses will fall down around us." Pittman said it would take over 10,000 signatures to move the courthouse, and after a lengthy speech, the Enterprise attorney said, "The time has come in Coffee County for something to be done."

Commissioners Don Smith and Bonnie Beckham also spoke in favor of Waters's resolution, but Beckham was in favor of one reservation - "that the people of the county have a chance to speak up and voice their opinions."

Pittman was again recognized, and the ambulatory orator said, "The people have spoken, they want two courthouses and two jails. While we sit here and talk the courthouses will fall down around us." Pittman said it would take over 10,000 signatures to move the courthouse, and after a lengthy speech, the Enterprise attorney said, "The time has come in Coffee County for something to be done."

## Shooting Claims One Life

Shotgun lies on ground after shooting. Cox fell just below arrow. Shown in photo: arrow points to window Kelley shot from.

A shooting late Saturday night left Edmond Cox, age 37, dead with seven gunshot wounds, according to Sheriff Neil Grantham. Arrested and charged with first degree manslaughter following the shooting was Raymond Kelley, age 26, also of Elba.

The shooting occurred at the home of Mr. and Mrs. Marion Williams in the Newbia Community. Kelley was reportedly staying in the home at the time of the shooting.

According to witnesses, Cox approached the house after first calling on the telephone and arguing with Kelley, who was carrying a 12-gauge shotgun and at some time before he died, fired one shot through the front door of the frame house. Kelley reportedly was standing at the window of a bedroom looking out the front of the house. Officers said that Kelley fired seven shots from a 22 rifle through the window of the house, hitting Cox with all seven shots.

Coroner Marvin McIlwain, who pronounced Cox dead at the scene, said four of the shots hit the victim behind the left shoulder and three hit him in the front and right side of the head.

Sheriff's Investigator Ray Norris was the first law officer at the scene after the report of a shooting. He said he was summoned to the house and asked Kelley if he was armed. When Kelley responded that he still had the rifle, Norris said he put it down, which the man did immediately. Norris confiscated the weapon and placed Kelley under arrest.

Cox's wife and one small child were in their car on the highway in front of the house at the time officers arrived, and said she had driven her husband to the Williams home.

Helping Norris and Sheriff Neil Grantham with the investigation was Deputy Joe Spurlin.

Both the weapons were turned over to state investigators for ballistic test and other tests. Mr. Williams told THE ELBA CLIPPER he was in the hall away from the living room when the shotgun blast entered the door. He said it sounded like shotgun pellets were hitting all around him, and he wished he was somewhere else. Mrs. Williams reportedly placed the call to law officers.

## BIG BEAR TO START NEW GAME THIS WEEK

A new consumer game, offering a total of \$61,000 in cash prizes, has been initiated at Big Bear Supermarket, with locations in 16 different cities throughout Alabama, sponsoring officials announced recently.

The suspenseful game of chance, called "5-Ring Bingo", offers 20,475 individual prizes ranging from \$1 to \$1,000, and is being sponsored by the Big Bear Supermarkets for its customers.

The game follows guidelines developed by the Federal Trade Commission governing the sale of chance in food stores. The independently-owned Big Bear Supermarkets are affiliated with Hudson-Thompson, Inc., wholesale food distribution firm headquartered in Montgomery, Ala.

When a customer scores Bingo on a player's card, the winning card is returned to the nearest Big Bear supermarket for redemption. Each player's card contains five different Bingo games with odds of \$1 to \$1,000.

Details of the "5-Ring Bingo" game are contained in full-page newspaper advertising appearing elsewhere in this newspaper, and in those of other cities throughout Alabama.

## PICK-UP ACCIDENT HOSPITALIZES WOMAN

A pickup truck accident on a curve near the Rothen Community in Northeast Coffee County about 3:45 a.m., according to residents of the area who heard the crash. Whitworth said the woman apparently lost control of the vehicle in the curve.

## FIREMAN FIGHT BLAZE

The Elba Fire Department answered a call early Thursday morning to a vacant house near the Taylor Farms on Rt. 2, Elba. The house is on a farm owned by Joe Clark. Clark said at the scene he had an electric fence box hooked up in the house, which may have caused the blaze.

The fire was reported by Bill Taylor who awoke at 5:00 a.m. to leave for Auburn on business. The house was a total loss, and Clark said the only items in the house of value were some items stored there by a friend.

## ELECTRIC BILLS TO INCREASE

The Elba Water and Electric Board, meeting Monday night was a routine meeting that ended with a vote for the electricity users of Elba. At the close of the meeting, Chairman Charles Hayes read a letter from Alabama Electric Co-op informing Elba that as of October 1st the wholesale pooling rate for electricity will increase.

Hayes noted that this increase is due to an increase in the cost of electricity purchased from Alabama Power Company. This rate is set by the Federal Power Commission in Washington. The Alabama Co-op challenged the rate hike and the beginning date was delayed from April to the October date, but apparently will be in effect on current bought after October 1.

In other business the Board approved payment for damage done in a home due to faulty power connections, and hired Polyengineering to plan for improvements in the present water system and long-range additions. The firm is also to handle the paper work on applying for state and federal grants for these projects.

Hayes presented the board members with information indicating that delinquent accounts totaled only \$180.89. Inactive accounts (meters paid) totaled \$482.68 with over half on one account and deposits not applied.

Donald Weeks submitted his resignation to the Board and said he would work until the first of the month. He is moving to Eufaula to accept other employment.

The Board was informed that work in adjusting the lights at the football field would be complete before Friday night's ball game.

## FOLSOM WINS MAYOR'S RACE IN ELBA

Robert Folsom realized a dream Tuesday night when the vote count revealed he had won election as mayor of Elba. Folsom has served on the Elba city council and has previously been a candidate for the office of mayor. He won the election by outpolling L. F. Iman by a vote of 744 to 673. Folsom was the leader in a field of three in the first primary on September 10.

Now that the final selections have been made, the citizens of Elba have ousted all the incumbents who faced the voters this year, except Sharpless. Sharpless and Coleman were both appointed to unexpired terms, with Sharpless getting the last appointment. Coleman didn't seek a full four-year term and Sharpless was returned to office in the first primary by a clear majority.

## OFFICIALS VIEW AREA SELECTED FOR JAIL SITE IN ELBA

Commissioner Byron Gallovy expressed his feelings, and suggested the board discuss the matter more, but Smith and Beckham urged immediate action to be taken.

Mayor Donaldson was asked if Enterprise would offer land on one reservation - "that the people of the county have a chance to speak up and voice their opinions."

Pittman was again recognized, and the ambulatory orator said, "The people have spoken, they want two courthouses and two jails. While we sit here and talk the courthouses will fall down around us." Pittman said it would take over 10,000 signatures to move the courthouse, and after a lengthy speech, the Enterprise attorney said, "The time has come in Coffee County for something to be done."

Commissioners Don Smith and Bonnie Beckham also spoke in favor of Waters's resolution, but Beckham was in favor of one reservation - "that the people of the county have a chance to speak up and voice their opinions."

## BRAINSTORMS

With Ferrin Cox

Well, finally, the election is over in Elba, and no one is more relieved than we at the CLIPPER office. During the last days of the campaign, the claims and counter-claims had gotten a bit harsh. Some of the candidates were hearing that other candidates were making promises that are impossible to fulfill, and instead of smiling and moving on - some had begun to get a little rough around the edges. This indicates that everyone was tired of politicking and ready for it to get over.

The lights went out in Elba Monday afternoon and stayed off for about an hour. The telephone at the CLIPPER office rang and this woman who had been asking for explanations on the jail quarrel Monday morning asked "Did the folks in Enterprise get so mad with us that they just took away our electricity?" Well, folks, if you stop and think about it a little bit, you will realize that most of the people of Enterprise are just like the majority of people in Elba - that is, they don't give a hoot where a jail is located. Of course at times like the present, when brass statements have been made pro and con - people are prone to defend their own, but when things are settled down, they really don't care as long as they themselves are left alone.

The tapes at the mansion in Montgomery are old news by now, but I must make a comment. Shortly after the Wallace admitted that the rumors were in part true - there had been some recordings and some tapes - the comments I heard in Elba were favorable. It seems that people appreciate someone facing up to the truth and saying, "Yes, this much of the rumor is true," rather than to continue denying a rumor that just will not go away. Even one anti-Wallace woman said she admired them for "fessing up" and agreed that she wanted the news media to stay out of reporting her bedroom conversations also.

Apparently all the local football fans who were not at Lurven last Friday night have gotten a report on the results by this time. However, in case your reporter forgot to mention it, after coming from behind, the Elba Tigers showed some spirit that has been absent all year. If this spirit indicates a will to win, then the Tigers will win some of those games they have been predicted to lose.

The AUSA is sponsoring a barbecue at F. Rucker today (Thursday). City Clerk Jack Prescott is selling tickets for the event and participants will see an air show and a water show. Anyone can go, so if interested, just see Jack.

Get ready folks. In spite of dreams of your light bill coming down, it is about to go up. The word is out, the law suits are over and someone, probably before Christmas, our utility bills will take a whopping 10% jump because "they" went up on "us" and someone else went up on "them." About the only thing we can do is open the windows and cut off the air conditioner just take cold showers because the hot water heater is off.

We are still hearing reports of County Commissioners abusing county trucks. Apparently one commissioner is using his to haul workers to the paint patch now that the election is over. I still have hope that the new commissioners will vote to do away with this abuse of tax money.

I was asked Wednesday morning "how did you vote?" The election is over and those elected will be serving us for the next four years, regardless of how you vote and therefore, I don't plan to even think about how I voted.

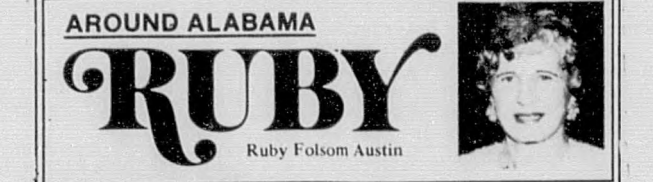

Now that the talk of the jail location has spread to building two jails, another question arises. Sheriff Neil Grantham said we don't or can't adequately support one jail, and wonders how we can support two. Go get 'em, Sheriff.

Four more years passed and Teddy got back into the act with a third party, hoping to move Taft out. Both he and Taft got fooled when the moving van headed for the White House that year carried Woodrow Wilson.

Now we're creeping into my memories. In 1928, Herbert Hoover beat Al Smith. I remember this column, but that because character of him always reminded me of a fat woman's kneecap. The depression was upon us, and everybody thought Herbert was not doing much to stop it. With that in mind, the electorate voted Franklin D. Roosevelt in to office in 1932.

If I was one of those fortune tellers, maybe I could see a pattern in this ousting of incumbents. Adams was the first to go, 12 years later Van Buren, 48 years after that Cleveland, 4 more years, and then Harrison, 10 passed before Taft got bumped, then 20 more before Hoover got replaced. So here we are, 44 years away from the last president we moved out. According to this crazy pattern, it's anybody's ball game.

George got on TV and spelled it out like this: folks private lives are supposed to be private, and the press should poke its nose out of areas where it doesn't belong. Of course, in this age of gossip columns and tabloids, all hell to the brim with bird stories, half-truths and out-and-out lies, there are snooty editors. And the more famous people are, the more persistent the snoops.

Well, I say, good for George, for telling them to mind their own business, and for Corneilia, for telling them nothing at all. Nobody, including me, is privy to that couple's private secrets, and I hope it stays that way! Tapes, schmapes! Tapes were invented for recording music and maybe that's all those are full of anyway...just jazz.

ROSALYNN ON THE RUN

George and Corneilia had a reception yesterday for Jimmy Carter's wife Rosalynn. There

were several hundred folks present. There was such a crush, I decided to go late, and by golly, missed Rosalynn altogether, as she'd left to go out to the Montgomery Mall and shake a few hands. She is some kind of campaigner!

I was sorry to miss her, for I had a question I sure wanted answered. There's a young lawyer from Montgomery named Morris Dees, and last presidential election, he was one of McGovern's top advisors. This time around, he was chief fund raiser for Carter. Gossip says if Carter gets elected, he'll appoint Morris Attorney General. Oh

well, if Rosalynn has been taking lessons from her husband, I couldn't have gotten a straight answer, anyway.

**LOWER PRICES**  
Some peanut producers through no fault of their own are suffering a heavy penalty on the prices they receive for peanuts. In fact, some are getting only half price. The problem is in A. Flavis mold which seems to be worse on drought stressed peanuts.

**COOPERATION**  
Coffee Countians can be proud of the fact that the agricultural agencies which they support through their tax dollars are cooperating beautifully. We don't have any hang-ups or jealousies or criticisms about each other's area of work. I am especially pleased to have an excellent relation with Bill Ray, the director of the Farmers Home Administration. Mrs. Wynelle Lasseter, head of ASOS, and Bill Hughes of the Soil Conservation Service.

## FOOD LABELING

If a label says "shortening" does it refer to animal as well as vegetable shortening? Yes, and unless the label specifically says vegetable shortening there is no sure way to know. However, the Food and Drug Administration will require that all food shipped via interstate commerce after January 1, 1978, identify all fats and oils by origin on the label - for example "Corn oil, Soybean Oil or Beef Fat."

**DIET TIPS**  
Diet cooking should be basically nonfat cooking. Don't use oil, butter, lard or fat. Instead, boil, bake, broil and roast foods. Try seasoning foods with consommé, clear broth, tomato juice or lemon juice. Also spices and herbs add flavor, but few calories.

## STAINLESS STEEL

Stainless steel is getting more popular every day - in furniture, cookware, furniture, sinks, and you name it. This material can be mirror bright, dull satin or brushed look. Many qualities make stainless steel ideal for its many uses. It's strong and resists chipping, denting, cracking, scratching and corroding. It's durable and doesn't rust, pit, stain, or tarnish. And it can stand freezing temperatures followed by rapid heating. Another plus is it's easy to clean. Stainless steel has no clean.

are injured each year by products used in and around the home?

You may be surprised to learn that bicycles rank No. 1 on the hazardous products list compiled by the U.S. Consumer Products Safety Commission. Stairs and ramps are common scenes of accidents. So are swimming pools, playgrounds and power lawn mowers.

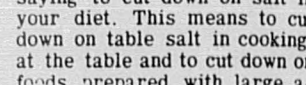

## TABLE SALT

Table salt is the most popular seasoning today. Before canning and freezing, it was a popular preservative for saving meat and fish for extended periods of time. Salt was, and is still used in making sauerkraut and pickles.

Salt is made up of about forty percent sodium. So when your doctor tells you to cut down on sodium in your diet he is really saying to cut down on salt in your diet. This means to cut down on table salt in cooking, at the table and to cut down on salt in processed foods, pickles, sauerkraut and others.

## No Substitute

"Those who would substitute the judgment of the bureaucracy for the judgment of the consumer inevitably forget that liberty is indivisible. The free market for goods and the free market for ideas stem from the same root—freedom. They are inseparable. . . . One cannot erode freedom in one sector of society without adversely affecting all other sectors. All of history points to the need for the joining of forces of the media and academia in preserving a free market for goods and services, as well as a free market for ideas."

## MISS KELLEY, MR. RAINER UNITE IN MATRIMONY

The First United Methodist Church of Elba was the setting for a beautiful candlelight ceremony uniting Miss Glenda Kelley and Lamar Sidney Rainer, II in matrimony on Saturday, August 28 at 7 o'clock in the evening. The Reverends Ed Henne and Donnie Holley officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Edward L. Kelley. The groom's parents are Mrs. Helen B. Rainer and Lamar S. Rainer, both of Elba.

A large illuminated cross provided the backdrop for the ceremony. The chancel was accented with three lovely floral arrangements of peach gladiolus and white carnations flanked by Boston ferns and fronds of palm fronds on the chancel rail with tall palm trees placed on both sides of the chancel. White tapers burning in tall candelabras throughout the chancel completed the sanctuary decorations.

Miss Vicki Taylor presided at the registry table in the church foyer.

Eddie and Russell Kelley, brothers of the bride, lighted the candles. The brothers also served as escorts for their mother.

A program of traditional nuptial music as provided by Mrs. Kenneth Baker at the organ. Accompanied by Mrs. Baker, Miss Babs Bruce, cousin of the groom, sang "More Than the Wedding Song" and "Wedding Thru Good."

Escorted by her father, the bride, on her walk down the aisle, paused at her mother's pew to kiss her and present her a red rose from her bridal bouquet.

The bride was radiant for her wedding in a formal gown of silk organza and Alencon lace of peau de soie. Featuring a belt of the organza and the slightly raised waistline, the bodice rose to a high throat above a sheer yoke of the lace sprinkled with pearls and edged with a mandarin collar set with clusters of pearls. The short lace sleeves extended into a cape which fell to the waist and was secured in the back by a row of tiny satin-covered buttons. The A-line skirt, softly gathered at the waist, featured a front panel of lace motifs, and a back panel of sheer silk organza bordered by inset panels of lace which fell into a full chapel train, encrusted with deep appliques of Alencon lace.

The look of elegance and beauty was enhanced by the antebellum hat of silk organza which was designed with a brim and a band of re-embroidered Alencon lace set with clusters of seed pearls. The bride's train was edged in appliques like that of the band.

The bride's only adornment was a pair of diamond earrings, a gift from the groom, and a strand of pearls given to her by Mrs. Rainer to wear during the ceremony. The pearls were also worn by Mrs. Shepard Park (Beverly) on her wedding day.

The bride carried a Colonial bouquet of white sweethearts roses interspersed with fusi and baby's breath nestled on a background of satin and lace. Cascading white satin ribbons were tied with love knots, each holding a spray of baby's breath.

Ms. Becky Smart served her sister as Maid of Honor. She was dressed in a gown of soft peach jersey knit which featured a v-neckline caught in a high empire waistline with

Lamar S. Rainer attended his son as best man and the groomsmen were: Phil English, Ricky Rainer, Dennis Jacobs and Rocky Chambers.

The mother of the bride chose a graceful, floor length lace covered dress of powder blue chiffon. The dress featured a v-neckline with a green wrap band at the waist.

Miss Tiffany Carmen Parker, daughter of Bobby and Dottie Parker, was honored on Saturday, September 11, with a yard party. The occasion was her fourth birthday.

## Debbie Jacobs Honored With Miscellaneous Shower

A miscellaneous shower complimenting Miss Debbie Jacobs, bride-elect of Mr. Chuck Coleman, was held Saturday afternoon, the eleventh of September, in the home of Mrs. Bill Davis. Miss Jacobs wore a floor length gown of navy blue silk with white polka dots featuring an A-line skirt and a collar edged with white ruffled lace. Receiving with Miss Jacobs were her mother, Mrs. Paul Jacobs, the groom's mother, Mrs. Gene Coleman, the honoree's grandmother, Mrs. Joe Jacobs and Mrs. Jim Jacobs Dothan.

The Davis home was beautifully decorated with roses and potted plants. Mrs. Davis greeted the guests at the door and presented them to the receiving line. Miss Pan Carlisle presided over the bride's book.

In the dining room refreshments were served from a beautifully appointed table. The cover was white lace over green. A crystal punch bowl surrounded with pink coral vine blossoms and Japanese yew and a silver candelabrum holding white candles were the table decorations. In addition to the punch, nuts, cake and mints were served. The guests were directed from the receiving

line to the dining room by Mrs. Fulton Spurlin. Those serving were Mrs. George Kelley and Mrs. Howard Morgan.

Mrs. Billy Joe Brunson and Mrs. Don Russell served as guides to the display of many attractive gifts. There were Mrs. Mila Boswell, Mrs. Edw. Kelley and Mrs. Eddie Hill presiding.

A number of friends called during the party hours.

### Introducing Coach David Collins

He was here last year and he is here again this year. Do you know who he is? No, it's not Keith Fuller, it's David Collins. That's right, David Collins, our "Driver's Ed" teacher and defensive coach. Some folks say that Coach Collins is Z.C.'s Robert Redford. And you know what, they could be right.

Being as we liked him so well last year, we decided to pay him when he came back this year. He thought that was a good idea, too (we mean the pay) and decided to return. Coach Collins went to Bethel High (not Houston Academy!!), played Junior varsity football for one year and varsity football for three years. Upon his graduation, he attended Troy State where he earned a B.S. Degree with a major and minor in P.E.

### SCHOOL DAYS

"School Days, School Days, dear old golden rule days"...so goes the old familiar tune. In the elementary school, we are beginning to settle down and concentrate on those rules of "reading and 'riting, and 'rithin' and 'rithmetic". Both teachers and students are looking forward to a good year of learning and growing. We are going to work hard at keeping our campus clean and attractive and would like to challenge and invite the High School students to join in this effort.

Our elementary teachers this year are: Elizabeth Dye-First Grade, Rea Young-Second Grade, Lizza Richardson-Third Grade, Betty Riffe-Fourth Grade, Charles Smith-Fifth Grade, Alene Lee-Sixth Grade.

### First Aid For Eye Emergencies

Shed of dirt in the eye? Lift the upper eyelid outward and down over the lower lid. Let tears wash out specks or particles. If the speck doesn't wash out, keep eye closed, bandage lightly and see a doctor. Never rub the eye.

Eye damage from chemicals may be extremely serious, particularly from alkalis, caustic acids, or other strong irritants. Open the lids wide and flood the eye with water immediately, gently and continuously for at least 15 minutes.

For cuts and punctures of eye or eyelid The National Society for the Prevention of Blindness recommends that you should bandage lightly and see a doctor at once. Do not wash eye with water or try to remove objects stuck in eye.

## TIGERS NUDE LUVERNE

The Elba Tigers threw quite a scare into their fans last week before pulling out a narrow 14-13 win over Luverne. Mental mistakes kept Elba's offense in neutral for the opening three quarters, but the Tiger machine shifted into high gear in the final stanza and pulled out the squeaker.

I didn't go to the game, but after listening to everybody talk, I came to the conclusion that the Tigers just can't put it all together. Maybe they'll do it this week against Opp!

## PREP ROUND-UP

Zion Chapel remained scoreless last week by falling to Houston Academy 38-0. The Rebels put in a new offense last week, and they didn't have all the kinks worked out Friday night. When Z.C. gets their offense in gear, they will surprise some folks! New Brockton saw their winning streak end when they lost 18-0. The Gamecocks will find tough going for the next couple of weeks so, they'd better remember joys of victory.

Geneva fouled me and a lot of other folks by giving Enterprise all they could handle. It took a missed extra point for the mighty Wildcats to claim their 14-13 win. This week Enterprise will meet Andalusia in what has to be the Game of the Year.

I went to Brantley last Thursday night to see them play Dozier, and came away a little disappointed. I expected Brantley to walk up and down, but it took all they could do to pull out a 14-6 win. The Bulldogs are headed for a showdown against Houston Academy in the State playoffs.

## PICKIN' PICKINS

My old Polish Power of Predicting came through on 21 of 25 picks last week for an 84% completion rate. Not bad at all! This week there are quite a few toss-ups. So, I just hope I can keep lucky and pull through another week of predictions.

ELBA-OPP Opp is unbeaten, and has their sights set on Elba. The Tigers will have to play their best game of the year to win. The Tigers drop their home opener!

ANDALUSIA-ENTERPRISE Last year Andy won 8-7. This year the Wildcats are supposed to be the best team in the state. We'll find out tomorrow night!

KINSTON-MCKENZIE The Bulldogs could claim their first win ever this week. I think Kinston will pull it off and win! KINSTON 22 - MCKENZIE 6

ZION CHAPEL-CLIO Oh me, another powerhouse for the Rebels to play. Z.C. will score, but not enough to chalk up a win. No. 11

CLIO 32 - ZION CHAPEL 12

NEW BROCKTON-HOUSTON ACADEMY The Raiders should claim the Class A crown for Coffee County after beating Zion Chapel, Kinston and now New Brockton!

## JERRY PATE HEADS ENTRY LIST FOR PENSACOLA OPEN

Hometown hero Jerry Pate, rookie winner of the U.S. and Canadian Opens, has become the initial entrant for the 26th renewal of the \$125,000 Pensacola Open to be played October 28 - 31 at the Pensacola Country Club.

Pate, who learned to play on the beautiful Pensacola Country Club course, ranks eighth on this year's money list, with a record \$151,452. Pate is a former collegiate golfer at the University of Alabama, and won the 1974 U.S. Amateur championship.

Another colorful golfer, Lee Trevino, has also announced his intentions to compete in this year's tourney. Lee, the "Super Mex," won this year's Colonial National and was golf's fourth million-dollar winner.

Other early entries have come from Mason Rudolph, Chi Chi Rodriguez, Andy North and Tommy Aaron.

The seats became available when they were released by the original owners, who donated \$100 toward the construction of the stadium.

If anyone wishes to purchase reserved seats for the season, they may do so by going to Elba High School. The seats are \$10 each.

## PEA RIVER CANOE RACE WON IN RECORD TIME BY T.S.U. STUDENTS

Two students from Troy State University paddled their way to a new record Sunday in winning the second annual PEA River Canoe Race.

Mark Gober and Tim Grader, who both claim Macon, Georgia, as their home town, sped down the 14-1/2 mile course in 2 hours and 33 minutes to knock 11 minutes off the old record.

The race began at Folsom Bridge with 17 hopefully water-proof canoes ready to challenge the waters of the winding PEA River. The recent rains improved conditions for the entrants, but Reeves Eddy proved

to be as troublesome as ever. Five canoes were turned over by the churning waters, and more than a couple of cars were lost in the falls.

The winning canoe reached the finish line in one hour, and led at all points to claim the win. The victory was worth \$150 and trophies to the two Georgians, while Joe Nick Semonelle and Zack Storey, who paddled along in the middle of the pack.

The race will be held again next year on the first Sunday after Labor Day.

Placing third were James Daley and Don McCormick, with a time of 2:38:00, followed by Hugh Ivey and Aubrey Doyle at 2:39:00, and Bill

Golden and Ken Holton at 2:40:00. These 3rd, 4th and 5th place finishers won trophies.

Finishing last in the race were Ed Black and Keith Allen, who are 11 and 12 years old. The youngsters finished the race in 3:30:00, but confessed to stopping and taking a swim.

The only local entries were Nick Semonelle and Zack Storey, who paddled along in the middle of the pack.

Tiger running back Johnny Dyess (42) finds big hole in Luvorne defense. Dyess rushed for 114 yards to lead Elba to the win.

## TIGER'S RALLY IN FOURTH QUARTER TO EDGE LUVERNE 14-13

The Elba Tigers scored twice in the fourth quarter Friday night to record a come-from-behind 14-13 victory over the Luvorne Tigers. The victory raises the Tigers' record to 2-1.

Luvorne won the toss and elected to receive. The 2-A Tigers mounted their best drive of the evening getting three of their four first downs before turning the ball over on downs at the Elba 16.

For the remainder of the first quarter, neither team mounted any kind of a drive.

After a series of punts, Luvorne started a five-play sixty-yard drive culminating in their first touchdown on the contest.

After Elba was penalized five yards on first down, Luvorne quarterback Ronnie Sansom romped 48 yards to the Tiger 7. Three plays later

Donnie Stroud circled right end for the touchdown. Pat Smith added the PAT and with 1:13 remaining in the half, Luvorne held a surprising 7-0 lead.

Johnny Dyess returned the Luvorne kick to the 48 and gave Elba good field position with 58 seconds left in the first half.

On first down Larry Phillips rammed eleven yards to the Luvorne 45. After a six-yard run by Phillips and an incomplete pass, quarterback Russ Cash fired to Johnny Dyess for a first down at the Luvorne 35.

Luvorne was called for a personal foul on first down moving the ball to the 25. On the final play of the half Cash hit Phillips on a screen pass that carried 22 yards only to fall three yards short of the Luvorne end zone.

Elba received the second half kick and drove deep into Luvorne territory only to be stopped inside the five. With a first down at the Luvorne eleven James Smith bulled his way down to the Luvorne six. On second down Smith again got the call and the Tiger junior was stopped just short of the first down at the three. On third down the Tigers were penalized five yards for illegal motion stalling the Elba threat.

Two plays later Johnny Dyess was stopped at the Luvorne three turning the ball over to

the home standing Tigers.

Elba's defense held again and after a short Luvorne punt Elba started a six-play twenty-five yard scoring drive.

After two plays settled for ten yards and a first down at the eleven, Cash kept again for two. On second down, Dyess gained three to the six.

On third and five at the six, Johnny Dyess scampered five yards for the touchdown. The Tigers went for two but were stopped short and with 11:54 remaining Elba trailed 7-6.

Luvorne took the short Elba kick-off and promptly drove for another score. The touchdown came on a 55-yard jump pass from Sansom to tight end William Colvin. The PAT failed and with 10:01 remaining Luvorne had upped their lead to 13-6.

Elba took the ensuing kick-off and marched to the winning touchdown in eight plays. Three runs by Johnny Dyess gained 32 yards giving the Tigers a first down at the Luvorne 40. On third and eight Cash hit Phillips on the screen and the big junior broke it all the way for the touchdown bringing the Tigers within one. Win Westbrook took the pitch from Russ Cash and waltzed in for the two-point conversion giving the Tigers the lead for the first time with 6:15 remaining in the contest.

Luvorne failed to make a first down after the kickoff and punted back to Elba. The Tigers held the ball for over three minutes before punting back to Luvorne. Four plays failed to net a first down for the 2-A Tigers and Elba ran out the clock for victory Number 2 of the 1976 season.

Offensive standouts were Johnny Dyess with 114 yards on 20 carries, Win Westbrook with 40 yards on five carries and Larry Phillips with 40 yards on ten carries.

Defensive stalwarts who helped hold Luvorne without a first down the second half were Willie Lowe, James Smith, Larry Phillips and Johnny Dyess.

After two plays settled for ten yards and a first down at the eleven, Cash kept again for two. On second down, Dyess gained three to the six.

On third and five at the six, Johnny Dyess scampered five yards for the touchdown. The Tigers went for two but were stopped short and with 11:54 remaining Elba trailed 7-6.

Luvorne took the short Elba kick-off and promptly drove for another score. The touchdown came on a 55-yard jump pass from Sansom to tight end William Colvin. The PAT failed and with 10:01 remaining Luvorne had upped their lead to 13-6.

Elba took the ensuing kick-off and marched to the winning touchdown in eight plays. Three runs by Johnny Dyess gained 32 yards giving the Tigers a first down at the Luvorne 40. On third and eight Cash hit Phillips on the screen and the big junior broke it all the way for the touchdown bringing the Tigers within one. Win Westbrook took the pitch from Russ Cash and waltzed in for the two-point conversion giving the Tigers the lead for the first time with 6:15 remaining in the contest.

Luvorne failed to make a first down after the kickoff and punted back to Elba. The Tigers held the ball for over three minutes before punting back to Luvorne. Four plays failed to net a first down for the 2-A Tigers and Elba ran out the clock for victory Number 2 of the 1976 season.

Offensive standouts were Johnny Dyess with 114 yards on 20 carries, Win Westbrook with 40 yards on five carries and Larry Phillips with 40 yards on ten carries.

Defensive stalwarts who helped hold Luvorne without a first down the second half were Willie Lowe, James Smith, Larry Phillips and Johnny Dyess.

Two plays later Johnny Dyess was stopped at the Luvorne three turning the ball over to

the home standing Tigers.

Elba's defense held again and after a short Luvorne punt Elba started a six-play twenty-five yard scoring drive.

## REBELS REMAIN WINLESS, FALL TO HOUSTON ACADEMY 38-0

The powerful Houston Academy Raiders remained undefeated last Friday night by blasting the Zion Chapel Rebels 38-0.

The win ups Houston Academy's record to 0-3, while the loss leaves the Rebels winless at 0-3.

Zion Chapel won the toss, but Houston Academy pulled an inside kick and put the ball in play on the Z.C. 40-yardline. The high-powered Raider offense wasted no time in moving the football, but Zion Chapel's defense refused to yield and stopped Houston Academy on the 3-yard line.

Z.C.'s offense failed to get a first down, but Rebel punter Tim Wambles got his team out of trouble by booming a 44-yard punt.

The Rebel defense again stopped the Raiders, but the spitting Z.C. offense couldn't mount a drive, and Houston Academy took over on the 44. Three plays later the Raiders' quarterback Bob Flowers swept the end for 28 yards and a touchdown. The PAT was successful, and with 1:31 left in the opening quarter Houston Academy led 7-0.

The second Raider touchdown came with 7:58 left in the half when Flowers raced 75 yards for a score. A Z.C. defender appeared to have the shifty quarterback stopped, but Flowers slipped away and ran for the TD.

The final score of the half came with 2:51 left when Flowers passed 25 yards to Tommy Ponder. The kick failed, and at halftime the scoreboard read Houston Academy 19 Zion Chapel 0.

Houston Academy was led offensively by Bob Flowers, with 134 yards in 11 carries, and Jeff Stephenson, with 121 yards in 9 carries.
